In last year's report \$19.40 of the J. S. Pierce bill reported county claim was town claim. The B. F. Wells bill for \$9.00, and \$4.50 of the O. H. Boynton bills were included in last year's orders for county claims. I have examined the accounts of the treasurer and found them to be correct. On account of sickness Mr. Ash is far behind in the collection of taxes, as compared with previous years.

REPORT

OF THE

School Board Town of Lyman

FOR THE

Year Ending March 1, 1891.

Prudentially the school district of the town of Lyman was divided as follows: W. W. R. Miner, schools Nos. 4, 5; Cyrus Wheelock, schools Nos. 1, 2, 7; Seth W. Miner, schools Nos. 3, 6. The work of the superintendent was divided as follows: W. W. R. Miner, schools Nos. 2, 4, 5; Seth W. Miner, schools Nos. 1, 3, 6, 7.

No. 1—PARKER HILL.

Summer term, 12 weeks, 12 pupils in attendance, was taught by Miss Belle E. Somers of Whitefield. Miss Somers is an energetic worker in the school room, and attained a high degree of success in this term of school. Methods, discipline and advancement excellent, especially in reading and physiology.

Winter term, 8 weeks, 16 pupils in attendance, was taught by Miss Mary L. Poor of Landaff. Miss Poor introduced a rigid discipline that proved to be beneficial for the best interest of the school. Progress in all branches very satisfactory. Number of visitors for the year, 25.

No. 2—CLOUGH HILL.

Summer term, 10 weeks, 16 pupils in attendance, was taught by Miss Mabel R. Clough of Lisbon. This was Miss Clough's first experience in teaching, and it was a success. Good progress was made.

Winter term, 10 weeks, 11 pupils in attendance, was taught by Miss Bertha Emery of Monroe. Miss Emery taught a very good school. General improvement very good. Number of visitors for the year, 18.

No. 3—MOULTON HILL.

Summer term, 10 weeks, 12 pupils in attendance, was taught by Miss Florence Trevena. This was Miss Trevena's first effort in teaching and she did what she could to make the school a success. The closing examination showed a fair degree of progress.

Fall term, 10 weeks, 13 pupils in attendance, was taught by Miss Belle E. Somers. Miss Somers, with her efficiency and

experience as a teacher, was just the one adapted to the needs of this school and gave the best of satisfaction. Deportment and improvement in all branches commendable. Number of visitors for the year, 26.

No. 4—TINKERVILLE.

Summer term, 10 weeks, 24 pupils in attendance, was taught by Mr. E. S. Prescott of Lisbon. Mr. Prescott is a very ambitious, earnest worker in the school room. Progress in all branches very good.

Winter term, 10 weeks, 25 pupils in attendance, was taught by Miss Jennie N. Whitcher of Landaff. Miss Whitcher's methods are among the best. It was a very successful term, and satisfactory to all concerned. Number of visitors for the year, 33.

No. 5—POND.

Summer term, 10 weeks, 22 pupils in attendance; also Fall term, 12 weeks, 23 pupils in attendance, was taught by Miss Jennie N. Whitcher. Both terms were very successful and satisfactory to all parties concerned. Number of visitors for the year, 37.

No. 6—UNDER THE MOUNTAIN.

Summer term, ten weeks, 10 pupils in attendance; also fall term, 10 weeks, 16 pupils in attendance, was taught by Miss Bertha Emery of Monroe. This was Miss Emery's first experience in teaching and both terms were quite successful. Advancement in all branches very good. Number of visitors for the year forty-one.

No. 7—WOOLSON.

Fall term, 10 weeks, 11 pupils in attendance, was taught by Miss Belle E. Somers. Miss Somers has a well earned reputation as a successful teacher here, this being her sixth term in town, and the work accomplished in this term of school is deserving of a word of praise.

Winter term, now in session, 8 pupils in attendance, taught by Miss Effie M. Smith, who is well known as an excellent teacher.

The number of children in town between the ages of five and fifteen years as reported by the selectmen is 111.

The books and supplies seemed to be duly appreciated by the pupils and teachers, and judging from the progress made in all branches in all of the schools the aforesaid books and supplies seemed to be just what was needed. It certainly is the best thing that ever happened for our schools.

Under the present system the pupils of to-day have much to encourage them. No excuse can be offered for not having a good common school education. Respectfully submitted by

W. W. R. MINER, Chairman.
